

KÄRCHER

COMBATING VIRUSES WITH MISTING PRECISION.

Meet the HD 2.0/1000 Dual Mister, an all-in-one mister and pressure washer

Kärcher's cold water, corrosion-resistant aluminum Dual Mister easily converts from a pressure washer to a mister for dispensing sanitizer or disinfectants, such as Vital Oxide®. This reliable electric powered pressure washer comes standard with a humidifying nozzle and an Easy!Valve that allows the operator to easily switch from pressure washing to misting mode. It can convert from a cart to skid, provides a bypass loop for additional pump protection, and it offers a low profile handle and compact footprint, making it easy to maneuver. In short, this unit is designed to combat viruses and bacteria in misting mode, or it can be used as a high pressure washer to clean surfaces. Your choice.
